COMPANY OVERVIEW

WHO WE ARE

Waypoint Solutions LLC is an Albuquerque-based U.S. small business built to supply federal agencies with fasteners and industrial hardware. We source against DLA/DIBBS solicitations — bolts, nuts, screws, washers, pins, rivets, gaskets, and specialty hardware — screening every requirement for sourcing restrictions, export controls, and price history before we ever quote. Founded by Federico Berard and Braden Cote, Waypoint brings finance-educated leadership and disciplined sourcing oversight to every solicitation we pursue.

WHAT WE DO

CORE CAPABILITIES

OUR SOURCING PROCESS

STEP	CHECKPOINT	WHAT WE VERIFY
01 — SCREEN	Solicitation Screening	Sourcing type (open-market vs. restricted-source), price history, and required quantity against a GO/NO-GO framework.
02 — VERIFY	Compliance Verification	Export control gates (ITAR/JCP), Nonmanufacturer Rule, Buy American/DFARS specialty metals, and obsolete/superseded NSN checks.
03 — SOURCE	Supplier Sourcing	Quotes built only from verified manufacturers and distributors, with packaging and inspection matched to MIL-STD-2073/129 as required.
04 — DELIVER	Quote & Delivery	Direct CO/COR communication from quote through delivery, with lead time and quantity tracked against the award.

WHAT SETS US APART

WHY WAYPOINT SOLUTIONS

Screened Sourcing Every solicitation runs through a GO/NO-GO framework — sourcing restrictions, export controls, and price history checked before we ever quote.	Compliance-Ready Active SAM.gov registration, CAGE code, DIBBS-registered vendor status, and finance-educated leadership ensuring cost discipline and zero compliance surprises.	Agile & Responsive Small business speed with the ability to quote quickly, adapt to solicitation requirements, and maintain direct communication with COs and CORs.
